Surge Bed™

The EMS Surge Bed™ accommodates up to 500 lbs.

Folded Dimensions:
7 3/4" H x 33" W x 41" L

Meets all current Consumer Products Safety Commission Standards

US Patent Pending
All Rights Reserved

- FEATURES:**
- 500 pound weight capacity
 - 2" Rubber feet riveted directly to the frame for stability and floor protection
 - Heavy duty leg locks on all legs
 - Reinforced Sling decking for higher weight capacity
 - Safety and Instructional Labeling
 - Redundant head elevator safety restraint cable and tension locking cord (molded piece prohibits head rest from rising greater than 1/2" under weight)
 - Patient restraint strap with easy open/close snap
 - 5 position, non-slip, Head Elevator with locking cord
 - Foot elevator locks (Trendelenburg) in place in both elevated and resting positions
 - Mounted brackets on the bed frame prevent side to side slippage of the bed deck
 - Mattress is stitched with Kevlar thread and meets the requirements of 16 CFR §1633 (federal open flame flammability standard for mattress sets)
 - Water-proof reinforced vinyl mattress cover contains anti-microbial agents easily decontaminated for continuous reuse
 - Fixed sling and mattress combine to provide the support and comfort that patients as well as providers need to get proper rest
 - 2" Convuluted (egg carton) high density foam mattress for patient comfort with stay-on tabs eliminates patient pressure points caused by springs
 - Deck area measures 33" x 83"
 - Bed is wheelchair transferable and comfortable working height for medical aid of 21"
 - Lightweight Aluminum Frame - Entire package weighs only 28 pounds
 - Bed, IV Pole, and Mattress fold to 7 3/4" for storage
 - IV Pole with Stow-On-Board Feature
 - Aluminum Tubing 0.0625" (1.6 mm) Wall Thickness

Lightweight Aluminum Frame

Patented Non-slip Head adjustment
Unlike other folding medical beds

Shown with optional side rails
